

Culver City High School Boosters, Inc.

4401 Elenda Street • Culver City, CA 90230 • 310.842.4200

Dear Culver City High School Supporter:

The Culver City High School Booster Club is a non-profit organization comprised of parents, teachers/staff, coaches, alumni, and community members dedicated to supporting CCHS athletic programs and student clubs.

The Booster Club has funded many substantial improvements at the High School. We have donated money each year to support all of the various athletic programs and student clubs. We are thrilled that we were able to improve the snack bars and purchase equipment for the new fields. We also purchased a scorer's table for the gymnasium as well as banners that display the many accomplishments of both past and current CCHS students. With your help we can continue supporting our athletes and students.

We meet the third Monday of each month at 7:00 pm in the school library. At our meetings you will hear updates from the athletic director, vice-principal for athletics, team coaches, and other invited speakers. We plan fun events like our annual Casino Night, to help raise funds so that we can provide financial assistance throughout the year to the many teams and clubs that our school offers. Please join us and help us continue our support of CCHS programs!

Sincerely,
Lance Johnson, President
